SUMMARY

Cloud Computing and Application student at Universiti Teknikal Malaysia Melaka with hands-on experience in AWS cloud security, serverless applications, networking and development. Selected to showcase IFHX DataSentinel at AWS Cloud & AI Day Malaysia 2026. Certified in Google Cloud Cybersecurity, AWS Academy Cloud Security and Oracle Cloud, with freelance experience delivering client websites, web-based systems and cloud deployments. Gold Medalist at i-CPROM 2023 (UiTM Perlis) and former IT intern at Port Klang Cruise Terminal.

EDUCATION

Universiti Teknikal Malaysia Melaka (UTeM) *2024 - Present*

Bachelor of Technology in Cloud Computing and Application (Honours) · CGPA: 3.21 | Melaka, Malaysia

Kolej Vokasional Besut *2022 - 2024*

Diploma of Information Technology · CGPA: 3.55 · MUET: Band 3.5 | Terengganu, Malaysia

Kolej Vokasional Besut *2020 - 2022*

Sijil Vokasional Malaysia - Computer & Network Services (Level 3) · CGPA: 3.52 | Terengganu, Malaysia

EXPERIENCE

Freelance IT Developer (Self-Employed) *2024 - Present*

Web Development, Cloud Setup & Custom Systems

- Developed responsive websites, landing pages and web applications for clients, from requirements gathering through deployment.
- Configured cloud hosting environments, domain and DNS settings, and web application deployment workflows.
- Built custom web-based systems with database integrations; provided troubleshooting, maintenance and feature updates.

Fakulti Teknologi Maklumat dan Komunikasi (FTMK), UTeM *Jan 2025 - Dec 2025*

Technical Associate (Rakan Teknikal) | Melaka, Malaysia

- Delivered rapid on-site hardware and software troubleshooting for 200+ faculty and student users across laboratory environments.
- Configured projectors, sound systems and live-streaming equipment for 10+ hybrid faculty events with zero technical failures.
- Served as official event photographer and videographer; produced and edited promotional content for faculty social media channels.
- Supported faculty digital infrastructure including computer lab maintenance and network connectivity checks.

Port Klang Cruise Terminal Sdn Bhd *Apr 2024 - Sep 2024*

IT Intern | Port Klang, Selangor

- Executed routine system health checks and hardware/software verification across 50+ enterprise workstations, reducing operational downtime.
- Assisted lead engineer in upgrading 20+ PoE switches and optimising LAN/WAN infrastructure for network stability.
- Performed preventive maintenance and troubleshooting for 30+ CCTV cameras across surveillance systems.
- Audited 200+ IT assets and implemented a lifecycle tracking system, achieving full documentation coverage.
- Prepared technical quotations for network components and evaluated vendor proposals for cost-effectiveness.

KEY PROJECTS

PanTalk - Privacy-First Messaging Platform (Current)

React, Node.js, Socket.IO, PostgreSQL, AWS

- Developing a secure real-time messaging platform with private messaging, temporary identities, QR-based connections, disappearing messages, group collaboration, media sharing and privacy controls, deployed on AWS.

FunCloud - Final Year Project (FYP): Cloud-Native Autonomous Security Response

AWS EC2, Lambda, DynamoDB, EventBridge, Flask, Chart.js

- Designed a cloud-native XDR platform combining a Cowrie SSH honeypot, a Lambda-based detection engine (10 attack rules) and automated IP blocking.
- Built real-time Telegram/SNS alerting and a Flask + Chart.js dashboard; validated detections via Kali Linux attack simulation.

KEY PROJECTS (CONTINUED)

Cloud Security Posture Audit - Production-Grade CSPM Framework

Terraform, Prowler, Python, CIS Benchmarks, GitHub Actions

- Built a CIS-aligned CSPM framework combining Prowler with a custom compliance checker over Terraform-hardened infrastructure.
- Implemented CI/CD auto-remediation via GitHub Actions, lifting measured compliance from 42% to 87%.

Niyyah - Islamic Super App for Muslim Malaysians

React, Next.js, Supabase, TailwindCSS

- Developed a full-stack app for mualaf (new converts) and warga emas (senior citizens): Al-Quran with audio, JAKIM-integrated prayer times, Muallaf Hub and Zakat Calculator.

SmartChef - Serverless Recipe Recommendation Engine

AWS Lambda, API Gateway, DynamoDB, Python, Next.js

- Architected a serverless recipe engine on AWS with real-time market cost predictions and nutritional breakdowns via a Python backend.

IFHX DataSentinel - AWS Cloud & AI Day Malaysia 2026

AWS Lambda, API Gateway, Amazon Textract, DynamoDB, CloudWatch, SNS, FastAPI

- Selected to exhibit DataSentinel at AWS Cloud & AI Day Malaysia, Developer Community Zone, KLCC (4 Nov 2026).
- Built serverless document protection with sensitive-field detection, configurable REDACT/KEEP policies across 21 categories, conditional OCR and protected-output verification; returns files without application-side document storage.

LEADERSHIP & INVOLVEMENT

- Selected Demo Booth Exhibitor - AWS Cloud & AI Day Malaysia, Developer Community Zone, KLCC (4 Nov 2026)
- Participant - Cloud Challenge DTC & UniPlay (2026)
- Technical Associate (Rakan Teknikal), FTMK UTeM (Jan - Dec 2025)
- Protocol & Technical Committee - Program CEO Campus, UTeM (2025): VIP protocol & AV setups
- Safety Secretariat, FTMK Programs (2025)
- Handball Representative, FTMK SAF Ke-19 (2025)
- Security Committee Member, Career Path Club (2025)
- Volunteer, TVET State & National Programs (2023 - 2025)
- Chairman - Mobile Legends Tournament, Volleyball Championship & iTech Club, KV Besut (2024)
- Gold Medalist - i-CPROM 2023 (UiTM Perlis), Intl. IT Innovation Competition

CERTIFICATIONS & PROFESSIONAL TRAINING

- Google Cloud Cybersecurity Certificate (29 Oct 2026)
- AWS Academy Cloud Security Builder (2026)
- AWS Academy Cloud Security Foundations (2026)
- Oracle Fusion AI Agent Studio Certified Foundations Associate (2026)
- Oracle Cloud Infrastructure 2025 Certified Foundations Associate (2026)
- Python Programming with Red Hat (AD141-RHA) (2026)
- Introduction to Microsoft Azure Cloud Services (Coursera, 2026)
- Google Cloud Computing Foundations Certificate (2026)
- Cisco Network Defense (2025)
- AWS Academy Cloud Foundations (2025)
- Endpoint Security (2024)
- Junior Cybersecurity Analyst Career Path (2024)
- RunCloud: Cloud Computing Fundamentals (2024)
- Ethical Hacker (2023)
- CCNA: Introduction to Networks (2023)
- Cyber Threat Management (2023)
- JPK: SKM Computer Network Services Level 3 (2023)

SKILLS & INTERESTS

Cloud & Infrastructure: AWS (Lambda, API Gateway, DynamoDB, IAM, S3, EC2, EKS, EventBridge, GuardDuty, CloudTrail, Security Hub, Amplify), Google Cloud (GKE, Compute Engine, Cloud Storage, IAM), Microsoft Azure (foundational), OpenStack, Docker, Terraform, Serverless, Virtualization

Security: Network Defense, Ethical Hacking, XDR, CSPM (Prowler, CIS Benchmarks), Endpoint Security, Cyber Threat Management, Phishing Detection, SIEM/SOAR (foundational), Document Redaction

Networking: CCNA, LAN/WAN, PoE Switches, Load Balancing, VPN, Firewall Configuration, Intrusion Prevention

Programming: Python (Flask, FastAPI, Boto3), JavaScript/TypeScript, React, Next.js, C++, PHP, HTML/CSS, TailwindCSS, Chart.js, Three.js, Solidity, SQL, MySQL

IT Operations & Tools: Linux & Windows OS, Server Maintenance, CCTV Systems, IT Asset Auditing, AV Systems, Git, GitHub Actions, Docker, Supabase, RunCloud, Google Workspace, VS Code

Languages / Interests: Malay (Native), English (MUET Band 3.5) | Cloud security research, Islamic fintech, esports event management, photography & videography
